Continue to engage stakeholders to work with us hand in hand to upgrades standards of literacy through education and training.

Vision

Our vision is to be one of the leading service providers from the outskirts of Eastern Cape Province, in order to improve people's lives.

Mission

To become a Service provider that provides quality services.

Integrity

We always keep our promise to our clients.

Our Values

Our core values revolve around integrity, which is upheld through honesty, trustworthiness, openness, and ethical conduct in all our interactions. We firmly believe in treating individuals with respect and dignity, fostering a supportive and encouraging environment.

Objectives

- 1. Customer Value:** We strive to enhance customer satisfaction by introducing innovative products and cultivating mutually beneficial relationships with our suppliers.
- 2. Efficiency Improvement:** We are dedicated to achieving operational efficiency by strictly adhering to the quality management system that aligns with ISO 9001 standards. Additionally, we seek to enhance internal communication channels for smoother workflows.
- 3. Profitability Enhancement:** We aim to maintain fiscal discipline by adhering to budgetary guidelines. Moreover, we endeavor to increase sales and gross profit in accordance with sustainable growth practices.
- 4. Job Creation and Employee Empowerment:** As our company expands, we are committed to generating employment opportunities. Furthermore, we foster a culture of empowerment by providing training and cultivating an environment where employees can realize their full potential. We emphasize continuous improvement of knowledge and skills, succession planning, and transforming managers into effective leaders.
- 5. Community Engagement:** We recognize the importance of being sensitive and supportive to the communities in which we operate our business.
- 6. Inclusion of Marginalized Sectors:** We actively involve historically marginalized sectors of society, including women, youth, and the disabled, who have traditionally been excluded from participating in the mainstream economy.

Our Services

WE PROVIDE SERVICES IN CIVIL AND CONSTRUCTION INDUSTRY.

Ntim Industries was established in 2017 to provide training and development through professional business solutions and development programmes to construction and manufacturing industries, enterprises, co-operatives, NPO's and NGO's.

Ntim Industries has extended its service line by integrating training and development consultancy and networking services as its fundamental business line. The company is a 100% black owned, with the assistance of a team of consultants who have a strong background and practical experience.

Training and development

This includes auditing, consulting and plans development.

Social Facilitation

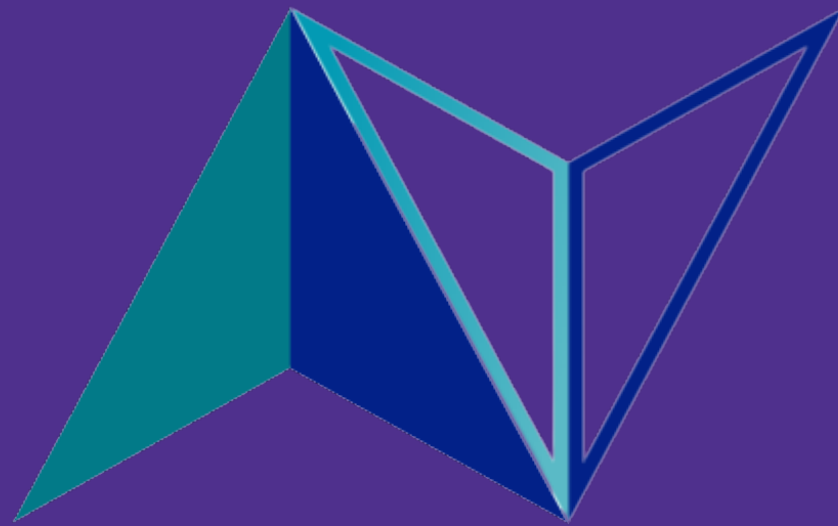

Our Social facilitation promotes participatory development through community empowerment initiatives that enable people to organise resources and solidarity in pursuit of shared community development outcomes.

People Development

Employee development is a long-term initiative, but it also leads to short-term benefits like increased loyalty and improved performance and engagement.
